"All I can say is I was super impressed - you're super kid-friendly - that's a big plus - your story of how you started - it's all really easy to understand and to relate to. Excellent work! Thanks for making me look good for inviting you."

Lisa Dyson

"The Kalib Project was entertaining, inspirational, and informative and the students LOVED hearing from John! He interacted well with students of all ages and shared a very professional and exciting presentation, even over Zoom!"

Kelvyn Koning,
Music Teacher
All Newton Music School

"The KALIB Project captured the interests of many students at HHS. When Mr. Wells presented at our school, he not only inspired them to write stories of their own but also showed them that it was okay to dream. For months after the presentation, students continued writing and sharing their stories. And at the end of the school year, several students voted The KALIB Project as their favorite memory from the year. The seeds planted that day and the work Mr. Wells is producing is a powerful force in fiction!"

Monica Mitchell
3rd Grade Teacher
